THE UNSPOKEN TRUTH: COUP D'ETAT IN AMERICA

By DR. PAUL CRAIG ROBERTS

The American people have suffered a coup d'etat, but they are hesitant to acknowledge it. The regime that is ruling in Washington today lacks constitutional and legal legitimacy. America are being ruled by usurpers who claim that the Executive Branch is above the law and that the US Constitution is a "mere scrap of paper."

An unconstitutional government is an illegitimate government. The US Oath of Allegiance requires defense of the Constitution "against all enemies, foreign and domestic". As the Founding Fathers made clear - the main enemy of the Constitution is the Government itself. Power does not like to be tied and bound down constantly and therefore works to free itself from these constraints.

Like serfs in the dark ages, American citizens can be picked up on the authority of some unknown person in the Executive Branch and thrown in jail, without any evidence ever being presented in court or his

relatives being informed. Or they could be placed on a list without any explanation that curtails their travel by air.

Every communication of every American, except face-to-face communication in non-bugged environments, are recorded by the National Security Agency, from which phrases can be extracted and strung together to produce a "domestic extremist."

Under the Obama regime, it is not only the whistleblower Snowden

who is targeted for elimination, but every truth-telling American in the country. The criminals who have seized power in America, cannot survive unless truth can be suppressed or redefined as treason.

The Americans acquiesce to this coup d'etat, they have placed themselves firmly in the grip of tyranny.

CREDO OF NSC

Northstar Compass is the organ of the Executive Committee of the International Council for Friendship and Solidarity with Soviet People in their struggles to restore the multinational Soviet Union as a Socialist State. Northstar Compass carries on the traditions of the "Hands Off Russia Committee" which was internationally established in 1918 to help protect the young Soviet Republic from foreign intervention.

The aim of the Friends of Soviet People is international cooperation in building socialism and solidarity with all of the anti-imperialist forces of the world who are struggling and fighting against US Imperialism - the main enemy of mankind. Northstar Compass is the true voice of all friends of the Soviet People.

Northstar Compass acts as the unifying force to consolidate and help co-ordinate the anti-imperialist forces of the world with the ongoing world movement to restore the Union of Soviet Socialist Republics.

We act as a United Front, but, we are not a forum for only ideological debates. The Soviet People themselves will choose the path again towards Socialism and onwards to Communism.

We, as friends of the Soviet people also have the right to comment on the present situation in former USSR

NATO COULD STRIKE AT RUSSIAN INTERESTS IN THE ARCTIC

MOSCOW JANUARY 28, 2013

Deputy Prime Minister Rogozin of Russia told the Russian Information Agency Novosti that - "NATO has long been discussing plans to reinforce the US naval groupings in the Arctic region, under the pretext of safeguarding commercial navigation"

"Russia's oil and gas extraction infrastructure in the Arctic could become the target of sabotage attempts by NATO and its allies in an attempted race to exploit the Arctic Shelf which could and will lead to future conflicts between the competing nations.

The arctic resources account for world's estimated 13% of undiscovered oil resources and over 30% of untapped natural gas.

RUSSIA IS SKEPTICAL OVER OBAMA'S NUCLEAR REDUCTION PROPOSAL

Russian Information Agency
Novosti - June 19, 2013

President Obama made his speech in Berlin, Germany. Shortly after Obama's speech, Russian Deputy Prime Minister Dmitry Rogozin stated: "The situation now is not like it was during the 1960s and 1970s, when only the United States and the Soviet Union held talks on reducing nuclear weapons.

How can we take Obama's proposal seriously the idea about nuclear cuts while the United States is rapidly developing its missile defense system? To show the lack of understanding of this (by proposing further nuclear cuts) - means that either the US is lying, bluffing and deceiving, or demonstrating a deep lack of professionalism!"

Dmitry Rogozin oversees Russia's nuclear potential also said that an "Arms race involves both offensive and defensive weapons in a vicious circle."

All Russian military experts concluded that Obama's proposal is "unrealistic and it can potentially destroy the existing nuclear parity between US and Russia, and ultimately hurt badly Russia's national security interests."

RUSSIA REFUTES U.S. ACCUSATIONS REGARDING SNOWDEN CASE

Prensa Latina - June 25, 2013

Russian Foreign Minister Sergei Lavrov stated that the US efforts to accuse Russia of breaking US law in the case of former US employee of National Security Agency, Edward Snowden, are absolutely groundless.

"Russia has no contact or relations with Snowden. He did not cross Russia's border, Snowden chose his route by himself."

STATEMENT FROM EDWARD SNOWDEN IN MOSCOW

This statement by Snowden, whose attempt to gain safe passage to a destination country willing to give him political asylum has become increasingly complex.

"One week ago - July, 2013 - I left Hong Kong after it became clear that my freedom and safety were under threat for revealing the truth. My continued liberty has been owed to the effort of many friends, new and old, my family, and others whom I have never known or met or probably never will. I trusted them with my life and they returned the trust with faith in me, for which I always will be thankful.

Last Thursday, President Obama declared before the whole world that he would not permit any diplomatic wheeling and dealing" over my case. Yet now it is being reported that Obama ordered his Vice President to pressure the leaders of nations from which I have requested protection, to deny my asylum petitions.

This kind of deception from a world leader is not justice, and neither is the extreme penalty of exile. These are the old, bad tools of polemical aggression. Their purpose is to frighten, not me but those who would and will come after me.

For decades the United States of America always said that it is one of the strongest of human rights to seek asylum. Sadly, this right, laid out and voted for by the US in Article 14 of the Universal Declaration of Human Rights, is now being rejected by the current Washington Government of my country. The Obama Administration has now adopted the strategy of using citizenship as a weapon.

Although I am not convicted of nothing, US has unilaterally revoked my passport, leaving me a stateless person - without any judicial order. The US Administration now seeks to stop me exercising a basic right. A right that belongs to everybody - the right to seek asylum.

In the end the Obama Administration is not afraid of whistle-blowers like me, Bradley

Manning or Thomas Drake. We are stateless, imprisoned or powerless.

No, the Obama Administration is afraid of you. It is afraid of an informed, angry public, demanding a Constitutional US Government that it was promised - and it should be.

I am unbowed in my convictions and impressed at the efforts taken by so many people.

U.S. HOCKEY STAR BRYGALOV - GOALIE OF PHYLADELPHIA FLYERS PRAISED STALIN- BUT HE IS IN THE CENTRE OF CONTROVERSY BECUASE OF IT!

In an interview last month with the Russian sports website "Championat" Ilya Bryzgalov. When asked about what he thought about historical figures like Stalin, he said: " I see positive logic in his leadership and his actions. He was elected to lead the Soviet Union in a country that had just loved through a Revolution. There were so many foreign and internal spies, enemies and traitors, who still had guns after the Civil War was finished The country was in ruins and people needed to survive and Stalin's policies produced positive results. The country was rebuilt, industrialized.

Then came World War II (*Great Patriotic War - as the Soviets called WW II*). Lots of servicemen came back home also with guns to the USSR which was devastated by the German Nazis. The USSR had to be rebuilt again. Stalin guided the rebuilding with dedication and iron hand. Joseph was my comrade."

By Dmitriy Sedov

The richest US and UK clans provide funds, the richest US and Swiss Banks are involved in drug money laundering schemes. At present there 300 richest US clans and 100 UK rich families that in reality rule these countries, and that have become fabulously rich thanks

to drug trafficking.

These drug trafficking networks supply the world's army of addicts (56% that consume about 86% of the world drug heroin production. It's real big business.

Through the CIA and the US Army channels and the from there to the triads on to San Francisco and then onwards.

The specific feature of this "commodity" is the existence of a chain of supply from Afghanistan on it way through Ulyanovsk right to the USA and through the many clandestine structures of the US Army and Special Services.

ISRAEL GRANTS EXPLORATION OIL RIGHTS IN OCCUPIED GOLAN HEIGHTS IN SYRIA TO MURDOCH AND ROTHSCHILD

Michael Opperskalski

This is illegal according to International Law. Israel attempted to do this twenty years ago, but was forced back after a strong reaction from the Syrian Government. Which gained political support from the USA and United Nations. But now because of the situation in Syria with foreign insurgents trying to topple the Syrian Government - Israel sees this is as their chance again. Of course the UN and the US is on Israel's side now.

BOLIVIA IS RISING

Cochabamba, July 5, 2013

Bolivian President, Evo Morales has warned the United States that he might close the Embassy of the United States in Bolivia, as South American leaders of state rallied behind President Evo Morales.

President Morales blamed Washington for putting pressure on the European Countries (EU) to refuse to allow the Bolivian President's plane on a diplomatic mission to fly over their air space and, forcing it to land in Vienna...which is against the International Law. President Morales was returning from a Summit Meeting in Russia.

He ended his statement with these words - after receiving support from leaders of Venezuela, Ecuador, Argentina and Uruguay :

" Being united will defeat US Imperialism. U.S. and EU broke all international rules. We are not colonies any more. I urge the European nations to free themselves from the United States. "

SEXUAL ASSAULTS INSIDE US ARMED FORCES REVEALED

By Thao Nguyen -
icorlett1881@gmail.com

Just imagine that you as a women having to salute your military attacker every day. This s a reality of the 26,000 military members whom the US Pentagon were sexually assaulted in the US Armed forces jut last year! But only about less than 3,000 of these sexual assault cases were looked at by the high command. Obviously there is a problem in the US Armed forces. Why is this sexual assaults problem got so out of hand?

Instead of these reported cases by the victims being dealt with by the civilian criminal justice system - but all these cases are being dealt within the chain of command and no legal right to decide how to prosecute according to the judicial system of the United States.

Besides the US Military have put aside guilty verdicts and in most cases returned those guilty back to

the ranks.. So the trauma of these sexual assault women victims doesn't end just with the sexual assault - each one of these victims is denied justice over and over again.

Oh, I forgot to mention that the Chief of Staff of US Air Force assault unit, was recently arrested for sexual assault.

Many members of the U.S. Congress would rather do nothing and pretend that these problems do not exist in the US Armed Forces.

Oh Mr. Obama -are you aware of these sordid schemes by the Command of the US Forces?

THE FORBIDDEN TRUTH: US IS GIVING CHEMICAL WEAPONS TO TERRORISTS IN SYRIA

OBAMA IS A LIAR AND A TERRORIST

By Prof Michel Chossudovsky
Jun 14, 2013

Is president Obama setting the stage for "humanitarian intervention" by accusing President Assad of Syria of killing his own people?

The US Chemical Weapons accusation is being used to further military aid to the Syrian rebels, which in a very large part are being militarily decimated by the Syrian Army.

These practically defeated Syrian rebels are supported by the US, Turkey, Israel, Qatar and Saudi Arabia have the lost the ground war - its foot soldiers have been defeated.

That is why Obama hired private contractors to train these rebels in using chemical weapons and the US and Western media than will and are blaming the Syrian Government.

US action is against all international law as well as the UN Charter.

In late May of 2013, the UN Security Council casually dismissed outright the fact, amply documented,

that the 3 Permanent Members of the Security Council - Britain, France and the U.S. continue to provide military aid to the Syria terrorist rebels.

THOUSANDS ARE PROTESTING IN BRAZIL'S LARGEST CITIES

By Simon Romero - June 17, 2013

The growing protests rank amongst the largest and most resonant since the military dictatorship was overthrown and the ongoing demonstrations are growing in numbers and into tens of thousands.

The largest demonstrations are in Brazil's biggest cities in a remarkable display of strength, with a large range of issues, including the cost of living and the lavish new stadium projects.

Sharing a parallel with the anti-government protests in Turkey the demonstrators in Brazil intensified when the harsh police crackdown in June stunned the citizens. The international media covering these protests showed vividly the police beating merciless the unarmed protestors and firing rounds of rubber bullets and tear gas into the crowds.

FAKE WMD - WASHINGTON IS INSANE

By Dr. Paul Craig Roberts -
Global Research, June 17, 2013

In the 21st Century the two hundred year- old propaganda that the American people control their Government has been completely shattered. Both the Bush and Obama Administration have been completely shattered. Both Bush and Obama have made it unmistakably clear that the American people don't even influence, much less control the US Government. As far as Washington is concerned, the people are nothings but chaff in the wind.

The latest US Polls show that over 65% of US people oppose US Intervention in Syria. Despite this indication of the will of the people the Obama regime is ramping up propaganda to arm even more S-US supported mercenaries in Syria in order to overthrow the present Syrian Government.

US has fabricated the false "CIA intelligence", and then President Obama has announced with a straight face that resident Assad Armed Forces had used Sarin Gas on many occasions and that between "100-150 on his own people" a euphemism for the supported and supplied Syrian rebels-mercenaries.

Washington's double-speak media propaganda is well known by both Russia and China...that if Syria falls, Iran will be next and then the aim will be Russia and China... which are surrounded by military bases as well as Navy bases.

Both Russia and China are preparing for just a such a scenario - with hydrogen bombs and the end results will be a complete disaster because in such a horrific conflict everyone will perish.

Considering the utterly insane government now ruling Washington, if human life will exist in 2020 - this would be a miracle

PRIME MINISTER CAMERON OF GB CALLS SYRIAN TERRORISTS "MODERATES"

By Michael Opperskalski

It is amazing how these Syrian terrorist names keep changing - from "peaceful demonstrators - unarmed peaceful activists - rebels - the opposition". Where did these "moderates" come from, when in the last two years we have only seen these well-armed terrorists with weapons supplied by Western countries like Cameron's Great Britain.

SNOWDEN IS A MODEL US CITIZEN AND A HERO TO MANY AMERICANS

INTERFAX-Moscow - June 25, 2013

The drama involving NSA leaker Snowden and the disclosure of classified information regarding the operations of US Special Secret Services, will not be the last of its kind, said Igor Morozov, veteran of Russian Foreign Intelligence Service and member of the Duma Council of International Affairs.

"Remember there is the case of Wikki Leaks and its Julian Assange who took refuge in the Ecuatorian Embassy for fear of extradition to the USA. Then there is now Private Bradley. These people are not doing this for financial gain, they are American patriots who want to expose the mechanization of the present Washington government and bring peace and understanding to the world".

A MERICA IS THE RICHEST COUNTRY IN THE WORLD - BUT...

Les Leopold - June 18, 2013
From Communist Workers and
Peasants Party of Nepal

We have the most millionaires, the most billionaire and our wealthiest citizens have garnered more of planet's riches than any other group in the world. We even have Hedge Fund Managers who make in one hour as much as an average American family makes in 21 years.

The opulence is supposed to trickle down to the rest of us to improve the lives of average Americans. At least that's what the free-market cheerleaders repeatedly

promise the American people.

Unfortunately it's a lie - one of the biggest ever perpetrated on the American people. But we keep hearing on and on all the daily media that America is the number one in the entire planet.

But when it comes to the middle class situation - America is in number 27th.

WHY?

* We don't have real universal health system

* Our weak labor laws undermine our trade unions and give large corporations more power to keep wages and benefits down. Trade Unions in the USA represent less of than 7% of all the private sector workers - the lowest ever recorded in America.

* The minimum wage is pathetic as compared other developed countries - \$.25 per hour - America stands in #13.

* Wall Street is out of control. Once deregulation started 30 years ago, money has to the top, money has gushed to the top a Wall Street was set free to find more and more, unethical ways to fleece the American public.

* Higher education is very costly and puts our children dept. In most countries higher education is practically free.

* America has the highest prison population in the entire world. America has also the highest percentage of minorities in prison.

Israel had planted these mines since it occupied Palestinian Gaza Strip in 19667. This UN decision to ban the use of land mines was made in 1997 by the "Ottawa Treaty". The only countries that refused to sign this "Ottawa Treaty" were ISRAEL and the UNITED STATES!

There are 51 Landmine fields scattered around the West Bank and the Gaza Strip. Israel and the US refused to sign this UN Agreement to ban the use of landmines.

SPANISH TRADE UNIONS BLAME EU FOR ECONOMIC DISASTER

JOURNALISM UNDER CAPITALISM IS A THANKLESS ONE AND ALSO A VERY RISKY ONE

From messenger@truthout.org

Whether it's traveling to war zones, standing on the "wrong side of the police lines during protests, digging up dirt about the corporate crimes or even writing a column that the people in power do not like, the real and dedicated journalists regularly stick their necks out without much chance of any reward.

According to the Committee to Protect Journalists, over one hundred journalist was killed last year.

It is absolutely clear that the American Government isn't above spying of reporters, persecuting their sources and criminalizing acts of honest journalists.

So now, more, our world needs independent journalists who are not afraid to go against the grain - even when the public might not want to hear what they have uncovered.

SYRIA DENOUNCES HEALTH SITUATION IN THE GOLAN AREA OCCUPIED BY ISRAEL

DAMASCUS - June 1, 2013

Syrian Health Minister Saad al-Nayef denounced the very poor health situation of citizens settled in the Golan area that was annexed and occupied by Israel and the inhuman practices of their occupiers.

He also criticized Israel's inhumane practices and various forms of torture. Syrian Health Minister explained these problems in his speech to the Session of the World Medical Association Conference held in Geneva, Switzerland.

He spoke about the suffering of these prisoners without international recognition in this territory usurped by Israel since 1967 and the inhumane conditions which has subjected them to dangerous diseases, liver ailments and disabilities such as blindness.

He also accused Israel of burying its nuclear waste in this region in barrels containing radioactive and toxic substances, which is a violation of the International Law and the United Nations Charter.

Zionist Israel prevents the people to medical treatment as way to force them to leave their homes or force them to accept Israel identity cards as Jews which the Palestinian people refuse to do.

He demanded that the World Health Organization take appropriate measures to stop Israel's disrespect for the rights of Syrian citizens in the occupied Golan!

AFGHANISTAN, IRAQ, LIBYA, AND NOW SYRIA - NATO & OBAMA - CHEER-LEADING ANOTHER BLOOD BATH IN THE NAME OF PEACE

From GLOBAL RESEARCH June 13, 2013

Any time bombs are used to target innocent civilians - it is an act of terrorism! *President Obama, April 15, 2013*

Having learned absolutely nothing from the UIS-NATO catastrophe in Afghanistan, Iraq, Libya - it is a fact that President Obama is clueless as well as UK Prime Minister Cameron, who are cheer-leading another bloodbath in formerly peace full, secular outward looking Syria. US-NATO now has moved to the overt stage - a move over which such war hawks as Zbigniew Brzezinski and some US Senators have urged extreme caution.

QUOTES

THIS ANTI-WAR SONG WAS WRITTEN AND ALSO RECORDED BY BOB DYLAN - 50 YEARS AGO "MASTERS OF WAR"

Come you masters of war
You that build all the guns
You that build the death planes
You that build the big bombs
You that hide behind walls
You that hide behind desks
I just want you to know
I can see through your masks

You that never done nothin'
But build to destroy
You play with my world
Like it's your little toy
You put a gun in my hand
And you hide from my eyes
And you turn and run farther
When the fast bullets fly

Like Judas of old
You lie and deceive
A world war can be won
You want me to believe
But I see through your eyes
And I see through your brain
Like I see through the water
That runs down my drain

You fasten the triggers
For the others to fire
Then you set back and watch
When the death count gets higher
You hide in your mansion
As young people's blood
Flows out of their bodies
And is buried in the mud

You've thrown the worst fear
That can ever be hurled
Fear to bring children

Into the world
For threatening my baby
Unborn and unnamed
You ain't worth the blood
That runs in your veins

How much do I know
To talk out of turn
You might say that I'm young
You might say I'm unlearned
But there's one thing I know
Though I'm younger than you
Even Jesus would never
Forgive what you do

Let me ask you one question
Is your money that good
Will it buy you forgiveness
Do you think that it could
I think you will find
When your death takes its toll
All the money you made
Will never buy back your soul

And I hope that you die
And your death'll come soon
I will follow your casket
In the pale afternoon
And I'll watch while you're lowered
Down to your deathbed
And I'll stand o'er your grave
Till I'm sure that you're dead

THIS IS THE T-SHIRT HE WORE!

PAGES FROM THE PAST

Dear readers of NSC and friends of the Soviet People,

Below we publish just two excellent poems dedicated to the USSR and to Stalin, written in June of 1943 by Dr. James Allen, Chairman of the Canada-USSR Association from 1937 to 1947 in Canada - a very dedicated friend of the Soviet Union and a well known progressive poet. Northstar Compass and the Canadian Friends of the Soviet People are very thankful to comrade Vijay Singh, Editor of the publication "Revolutionary Democracy" While in Moscow doing research of Soviet Archives about the Canadian-Soviet relations during the Great Patriotic War, he found these documents and sent to us, to part of our archives. We are very grateful for these priceless documents, from which from time to time we shall reprint in Northstar Compass.

Many thanks comrade Vijay Singh.

TO THE U.S.S.R.

O valiant land of valiant heart,
Of legions great and strong,
Of mighty men and mighty deeds
For ever told in song;
Lift high thy glorious Banner
O land of warrior sons, -
Dealer of death and destruction
Upon the hateful Huns!

Land of Nevsky and Suvarov
Whose valor loud is sung,
Of Stalin's matchless Soviets
With heroes old and young;
Above the fiercely clashing din
Thy Emblem hold unfurled
To take the glad salutes of men
Across an endless world!

Assembled now beneath the sword
Thy gallant land to fend,
God give thee strength of heart and hand
Until the conflict's end.
Hold fast the dreams of happier days
Within thy people's breast,
And then indeed thy lot shall be
By Heaven truly blest.

Down the vale of vanishing years
The horrors shall fade away,
As moves the healing hand of Time
Across the future's day;
Forgotten? No, it cannot be -
The anguish and the pain -
But out of this Gethsemane
New Life shall come again.

The War-god's flaming crucible
That gave thy Soul it's test,
Has found no haughty arrogance
Within thy mighty breast;
Instead thy vast accomplishments
All nations now commend,
And honest men the whole world o'er
Are glad to call thee "Friend"!

How blessed is the hand of Friendship
In a world beset with fears;
Happier far than hate and strife -
How better far, than tears!

STALIN

Firm as a rock in a storm-tossed sea
The stalwart Stalin stands,
Confident and calm and unafraid
Of the flood that sweeps his lands;
Sturdy as a granite lighthouse
On a weather-beaten coast,
His Valkyrian light a-flaming
To destroy the Hitler host.

Chosen of the fates and destiny
For a mission set apart,
Crowned is he in this awesome hour
In every Soviet heart;
Freedom's great banner he carries high
O'er a peoples sore oppressed,
Fighting the Cause of the Common Man
With purposeful zeal and zest.

Mighty beacon and symbol is he
With a Will serene and grand,
A valiant warrior and statesman,
Leader of a mighty land;
A mighty man in the works of peace
And mightier still in war,
Bewildered, the world proclaims his
name -- To Stalin, "Excelsior!"

THIS IS JUST ANOTHER RESULT OF THE TERROR, DEVASTATION, CARNAGE AND MURDER BY OBAMA'S FUNDED SYRIAN TERRORISTS

Dear readers

Much has been written and shown in photos of the war crimes being committed by these Western supported and funded terrorists-butchers. These butchers are showing-off photos of Syrian women that they had killed and raped because they opposed that Sharia Law

Now here is a grizzly photo of a 15-year old boy - Mohammed Qatta - **who was shot three times in his face and neck in front of his family and neighbors...** who could not say a word on the pain of death . Mohammed used to sell things on the street in order to help his family survive during the present struggle against these terrorist (FSA).

Of course the "Free Press" in the West will not publish such photos!

You, my dear comrades and friends all over the world - will you not utter an word or protest to your Government against such war crimes and demand that this bloodshed in Syria stop and all of these Western-supported terrorists be brought to justice!

DID YOU SEE THESE PHOTOS MR. PRESIDENT?

"We must be careful, because the capitalist media will have you hating the people who are being oppressed by the capitalist-imperialist countries, and ask you to love those people who are doing the oppression, murder and exploitation."

ACCORDING TO MISHKA

WHY MY HEART CRIES FOR YOU, MY SOVIET FRIENDS !

Dear friends, comrades, and so many acquaintances:

I agonized whether to write this open letter to you dear friends, after all, many of our members of the Canada-USSR Association and now the Canadian Friends of Soviet People have known you comrades, have met you here in Canada and also in former USSR many times over the years since the very first delegation went to visit the Soviet Union way back in 1963.

Oh how excited we were, how proud we were, how dedicated we were (**and we are even more so today**) and how we hoped that after the devastation of the Great Patriotic War and the loss of the best sons and daughters, the rebuilding, the renovation we saw before our eyes, and the Soviet enthusiasm would overcome some of the weaknesses and the undercurrent of hidden traitors (*like Krushchev*) would be overcome, and, a bright sun of Socialism would now bring the blossoming of everything that the Soviet people needed and deserved, for saving all of humankind from the scourge of fascism.

We saw real progress - we saw the future - as did hundreds of thousands of tourists and dedicated friends who visited the USSR until the 1990's! I saw weaknesses in some aspects, but friendship and dedication overcame any misgivings that I had - after all, changing the thinking and the attitude of people after the horrific devastation of the war, the onslaught of vicious propaganda, the Cold War effects that were in full force, and, under the direction and financial help from the West, the internal spies, the traitors that managed to weave their nests inside the Soviet Government, the CPSU, the Komsomol and other state structures - all of these things were meant to besmirch Socialism, besmirch the USSR and above all - the full force of Anti-Sovietism was aimed at J.V. Stalin - that was given

a traitorous boost by Nikita Krushchev.

All of these things are known not only by real friends of Soviet people, but also by an ever-growing section of the working class all over the world.

Having visited the Soviet Union 27 times since 1963, as a delegate, as head of Canadian delegations, as guest, as an active participant in Conferences that were organized by the Soviet Society for Friendship with Foreign Countries and, knowing and speaking Russian - over these many years since 1990's I have often asked myself this question "*Where Have All My Soviet Friends Gone?*"

We have hundreds of new and dedicated friends now in former USSR, but the gnawing question is still, where are all those "*friends*" that were employed by the Soviet state, that had free schooling, that travelled all over the world, that talked "*Friendship*" and "*Marxism*" until they were blue in the face - but now, after all these years I can count on one hand only, those hundreds of friends that are still friends and involved in the struggle to resurrect the USSR and Socialism.

It seems that all of these former "*friends*" were just friends as long as they got good pay, as long as they could travel, as long as they could manipulate for their own use all the foreign contacts that they made. **With friends like that, you do not need enemies - they are the real enemies!**

Imperialism is very clever, very pragmatic, very astute in utilizing the weaknesses of some people, and thus guiding them towards their goal of undermining and sabotaging Socialism from inside.

Unfortunately the CPSU and all of the dedicated Marxists-Leninists, Stalinists around the world should learn from these grave mistakes that were made.

With over 37 Communist, Socialist, Workers Associations and Movements in Russia alone, plus to a lesser degree in other former Soviet Republics, you would think that with all these forces the struggle would be to unite all of these forces and do what has to be done as it was

done in 1917!

If you take into account all the Communist and progressive forces in the world, all the Seminars, all the Meetings, all the Conferences held each year by these forces, that, after 15 years of the traitorous dismemberment of the USSR and other Socialist countries in Europe, that the logical and imperative steps would be taken to achieve **UNITY, and struggle for the defeat of US Imperialism and its Fascist New World Order!**

Actions usually speak louder than words comrades!

Of course dear friends, this article will be criticized much more by the left-wing press and some Communist parties than by the right wing.

One of the criticisms usually hurled at us is that "*You are only a Friendship Society! Keep your nose clean from politics!*"

Yes we are a Friendship Society struggling to help the Soviet People since 1918, when our first organization was set up! Friendship means to help and to also criticize if need be as a REAL friend, if in your opinion things are not going well. This is what real friends are for.

Our history since 1918 proves this beyond a shadow of a doubt.

By the way, the former Soviet Ambassador to Canada, the architect of "*Perestroyka*" (*better described as Destroyka*) Alexander Yakovlev, also said that he is my friend. His words that were published at that time in Russian newspapers said: "**Better watch out for that Mishka, he is a Stalinist!**"

With friends like that, you don't need any enemies!

NATIVE INDIANS WERE CLASSIFIED AS WILD ANIMALS by *WHITE MEN*

INTERVIEW WITH DR. DANIEL PAUL - VOICE OF RUSSIA

The Voice of Russia discussed the real history of Thanksgiving and the true history of the first relations between the American Indigenous peoples and the European invaders with Dr. Daniel Paul an Indian Historian and elder with the Mi'kmaq Nation. The secret hidden history of genocide, slavery and treachery is touched upon and some surprising details are revealed, such as the fact that the practice of scalping, began in Europe.

Robles: Can you give us an idea of how many tribes there were in North America when the Europeans invaded?

Paul: In what's Canada today, there were 34 different tribes and different nations. So, when you are looking at what's the United States and Mexico and put them all together, I would imagine you are looking at probably somewhere in the neighborhood of 100-140 tribes. In North America, that's North America.

Robles: Can you tell us: what do you make of Columbus saying that they discovered America? I've always had a big problem with that. They discovered a land where... there were already people populating it.

Paul: Columbus discovered nothing! Okay? He didn't discover America; America was here for a long-long time. And there is evidence that people resided in the Americas for up to 25,000 years now. So if Christopher Columbus is 25,000 years old, maybe he did discover America. And brought some invaders with him at the time but he certainly did not. I'll put it this way my friend: if I need a new car, and you happen to park yours, and I go out and discover your car, what do you call that?

Robles: Of course theft, it's stealing.

Paul: When you discover something that belongs to somebody else and you take it, I think you are committing theft. And when you kill a large amount of people in the process of stealing something, I think

that's called genocide.

Robles: *That's right. You wrote a very well written piece about the first Thanksgiving and the real history behind that quote: "holiday" in the US. Can you give us some other examples and tell us a little bit about Thanksgiving?*

Paul: Columbus Day, in particular is the biggest lie, he didn't discover America. And the Thanksgiving business was one of the biggest fairytales of all times. What actually happened was that the tribes of that area, what's called New England and Massachusetts, where the Puritans landed and set up shop, they were very friendly people, and these people, when they set up shop there, began to farm and what have you and they were starving and the native people fed them and helped them out. And 20 years after, the Chief, who was the prime leader in helping these people survive, had his sons captured by these same people and sold into slavery.

There is a lot of misinformation out there, most people think that the first slaves that were sold in the Americas were people from Africa, and the actual fact, it's not true. The merchandise that was sold in a lot of the slave markets in the earlier part was mostly the indigenous peoples from the Americas.

Thanksgiving is nothing but a fairytale, it is being enhanced. You tell a story and it invariably goes on and by the time and it gets around the world and gets back to you, it is a different story altogether. And the friendly interaction between the Europeans, the Puritans, and the tribes of that area never occurred. As a matter of fact there were scalp proclamations issued for many of them and there were massacres that happened. At one fort, in what is now Connecticut, was burnt to the ground and over 900 men, women and children were slaughtered in that particular area. So, the great interaction between the American Indian and the European is a lot of hogwash.

Reminder

Robles: *I've read that at the actual Thanksgiving, they were actually giving thanks that it was so easy to slaughter the Indians and take their lands, is that true?*

Paul: That's more or less what it's all about. There is an old saying: "God help the oppressed! When the oppressed become the oppressor." The Puritans were being oppressed in England and when they came here, they saw their chance they became the oppressors of the people who, I guess extended an olive branch to them, when they first landed and helped them survive. So, really there is a great deal of treachery involved in the history of the Americas that is never talked about.

Even here in Nova Scotia, in Canada, there were three scalp proclamations issued for the Mi'kmaq by the British. The first one was in 1744, the Mi'kmaq had the fort Annapolis Royal surrounded and the governor of the fort at the time, sent a message to Governor William Shirley of the Mass Bay colony asking for assistance and he responded by declaring war upon the Mi'kmaq. And in that declaration he put a price on the heads of men, women and children, for their scalps. The scalps of men, women and children.

Robles: *For the scalps of Indians. So, the whole scalping thing, that was something that the Europeans pretty much thought up.*

Paul: Scalping was going on in Europe for a couple of thousand years. It is not something that was invented on this side of the ocean, by no means.

Robles: *I see, that is one of the biggest fables I think. Now you mentioned slaves a minute ago. I know Indians were treated much worse than the African slaves that were brought over. Can you tell us a little bit about that?*

Paul: Well, the fact was that the slaves that they took from here, the indigenous people on this side of the

ocean, didn't stand up to mistreatment all that well, and a lot of them simply died on their owners, which made them unsuitable for that purpose. So, then they looked around for a new source and they decided that the Africans would do it and that's when they started importing boat loads of people from Africa and sell them on slave markets here in America.

Robles: Why weren't blacks annihilated?

Paul: The blacks were a property, and they had a property value. So, naturally the owners didn't go out and slaughter them or anything like that because they'd be expending their own money. But they eventually classified our people, the indigenous people of the Americas, as wild animals with no value. So, they could go out and kill an Indian and not expect to suffer any consequences from anybody. You wouldn't be sued for killing a "property", if you went and killed somebody's slave, you were probably sued and would have to pay to the owner of the slave money for destroying their property.

Robles: Could a society that was based and started in that way, could it ever be called democratic or free, or fair?

Paul: All these societies in the Americas, with very few exceptions, were built on genocide, on the slaughter of the indigenous people, the people who were wiped out. Some people put the estimate, for the Caribbean Taino people for instance, at being somewhere in the neighborhood of 5 to 10 million when Columbus landed there, within 50 years they were practically extinct. So, when you are looking at the overall total: it is almost unbelievable.

CRIMINALIZING FREE SPEECH IN AMERICA

Reader Supported News, July-2013

In Texas, USA, a working 18-year old boy was jailed - and is still being held on a \$500,000 bail - because a woman reported a single frivolous Facebook posting by this youth which he had marked "LOL (laughing out loud) and "JK" (just kidding). The State of Texas FBI went ahead and charged him with "terroristic threatening".

WHAT IS THE ZIONIST "YINON PLAN?"

Oded Yinon's article, known as the "Yinon Plan" and followed by Israel, first appeared in the (Kiunim Direction) the journal of the Department of Information of the World Zionist Organization already in February of 1982. As a journalist he worked for the Israeli Foreign Ministry'

This Yinon Plan is an explicit, detailed and unambiguous statement of the Israel Zionist Strategy and a "vision-plan" for the entire Middle East - it's a nightmare for what it is meant to accomplish.

This Yinon Plan of Zionist Israel operates on two essential premises.

First - Israel must become an Imperialist Regional Power in order to survive

Second - In order to bring this into effect, all of the present existing Arab States in the Middle East must be dissolved and transformed by all the means at hand into small, compliant states, depending on their ethnic or sectarian composition. Thus these sectarian States will become Israel's satellites and ironically its source of moral legitimacy. These are far-reaching opportunities since 1967 for Israel - and of course there are other military options for Israel - occupation.

Of course Palestinians are the first to be incorporated and to be exploited. But it is every Arab State in the Middle East is the target for Israel Zionist expansion and conquest.

DID YOU KNOW?

IMPERIALISM AND GOOGLE ARE EATING THE WORLD!

By REBECCA SOLNIT - June 29, 2013 - TOM DISPATCH

Your data is in their hands and your communications are in their hands - and they seem to be rising to become an arm-or part owner of the US Government and law unto themselves - and what must be done about it.

The answer my friend is in the wind - the answer is in the wind!

Finally, journalists have started criticizing in earnest the leviathans of Silicon Valley, notably Google, now the world's third-largest company in market value. The new round of discussion began even before the revelations that the tech giants were routinely sharing our data with the National Security Agency, or maybe merging with it. Simultaneously another set of journalists, apparently unaware that the weather has changed, is still sneering at San Francisco, my hometown, for not lying down and loving Silicon Valley's looming presence.

The criticism of Silicon Valley is long overdue and some of the critiques are both thoughtful and scathing. The New Yorker, for example, has explored how start-ups are undermining the purpose of education at Stanford University, addressed the Valley's messianic delusions and political meddling, and considered Apple's massive tax avoidance.

The New York Times recently published an opinion piece that startled me, especially when I checked the byline. WikiLeaks founder Julian Assange, the fugitive in the Ecuadorean Embassy in London, focused on The New Digital Age, a book by top Google executives Eric Schmidt and Jared

Cohen that to him exemplifies the melding of the technology corporation and the state. It is, he claimed, a startlingly clear and provocative blueprint for technocratic imperialism, from two of our leading "witch doctors who construct a new idiom for United States global power in the twenty-first century." He added, "This idiom reflects the ever closer union between the State Department and Silicon Valley."

What do the U.S. government and Silicon Valley already have in common? Above all, they want to remain opaque while making the rest of us entirely transparent through the capture of our data. What is arising is simply a new form of government, involving vast entities with the reach and power of government and little accountability to anyone.

Here's what San Francisco is now: a front row seat on the most powerful corporations on Earth and the people who run them. So we know what you may not yet: they are not your friends and their vision is not your vision, but your data is their data, and your communications are in their hands, and they seem to be rising to become an arm of or a part-owner of the government or a law unto themselves, and no one has yet figured out what we can do about it.

LETTERS TO THE EDITOR

FROM BREST
BYELORUSSIA

Dear Michael and comrades:

Greetings from Brest, Belarus!

Here amongst others taking part in this important event held on the Anniversary of the 1941 invasion of the USSR. I spoke at a meeting on the political situation here and I was representing the Communist Workers Party, the Revolutionary Communist Youth League and of course the Soviet Friendship Society with Foreign Countries.

This meeting was hosted by the local comrades by local comrades from the Communist Party of working People of Belarus (ally of Russian CWP), Sut Vremeni and from the Communist Party of Belarus (pro Lukashenko).

This meeting was opened guest speakers from Moscow - representing scientists, Public organizations B. Kashin (CPRF) The role of the CPRF was then critically analyzed by communists from the Communist Party of Working People of Belarus. It was reported that Zyuganov of the CPRF is exerting his influence on the movements in Belarus in order to stop their registration as official left parties.

In my speech emphasized the need for solidarity amongst all the labor movements in different parts of former Soviet Union (leaving aside the revisionist parliamentary parties, whose so-called "unity projects: they are nothing but to absorb and the destruction of the revolutionary left).

There was also a night rally at the Brest Fortress and reconstruction event when many volunteers took part from Belarus, Russia etc. Many photos from this event were taken

Our next important meeting will be devoted exclusively to Friendship Society and the Russian Edition of Northstar Compass. It is to be held on June 27, 2013 in Moscow.

Best regards
Viktor Bourenkov

FROM ISTANBUL
TURKEY

Dear comrades:

Turkey is going through unusual times. The protests against the Government started in Istanbul and spread to different parts of Turkey. Now they have become a nationwide rage against the AKP Government. Beginning from the first day of these protests, the Communist Party of Turkey was part of these growing protests. Many of our comrades have been injured due the police brutality or arrested. But our struggles continue.

Dear comrades:

We need your support to escalate our struggles. Therefore we are calling upon our comrades around the world to hold demonstrations in front of Turkish Consulates and Embassies and in this way show solidarity with the resistance movement all across Turkey.

Long live the revolutionary solidarity! Down wit capitalism!

Comradely greetings,
The Communist Party of Greece

Dear comrade Michael Lucas:

Many thanks for your letter in reply to our request for some background information. We know that you are from a working class family and your life was and is full of struggles as that of your father, your wife and your uncle General Lukach - (Mate Zalka) Head of the International Brigade that fought against fascist Franko in the Spanish Civil War.

Now that you are 87 years of energetic youth - we wish you good health and a long life. Your life is indeed rich in experience as well as dedication and is continuing for the cause of Socialism and peace.

This will encourage our youth in Nepal in their struggles.

Sincerely yours

FROM SLAV COMMITTEE OF THE CZECH REPUBLIC

Dear friends:

On June 8, 2013 there took place in Prague a Congress of the Slav Committee of the Czech Republic, at which Jan Minar again was elected as President and Mirko Svoboda as Vice President. Jan Minar in his Congress report mentioned that the importance of International Slavic organization and their cooperation was very evident at the last 10th Slavic Congress that was held in Kiev, Ukraine.

The important decision was made regarding the Constitution of the Slav Committee and other documents that were adopted by the delegates, and, the efforts made by Nikolay Lavrinenko and Professor Hvala and registration of the Slav Committee in Ukraine.

These executive members told the delegates that there are now efforts by some elements to split the Slav Committee - coming both within the Czech and Polish Republic. These attempts to divide and rule help the enemies of the Slav Committee movements.

The Slav Congress elected a new Executive Committee which will struggle against all elements that want liquidate the Slav Committee.

FROM MISSISSAUGA, ONTARIO
CANADA

Dear Editor

Enclosed are two articles from the Toronto Star. While I am not motivated by some of the copy written in them, nevertheless I have the outmost respect and admiration for their principles and their stand cannot be questioned.

Regarding the article that reported on Conrad Black and his receiving the Order of Canada - he should give it back and demand that it be given to Stephen Scharper who wrote an excellent article about Martin Luther King. Conrad Black should be sent back to the USA in the next load of garbage.

Below are some quotes from the just one article on Rev. Martin Luther King--- by Stephen Scharper.

"We don't often recall, for example that his home was bombed, his chest pierced by an assassination bullet, his body repeatedly beaten, he was jailed many times, his face was used as a spittoon by white racists, his personal world was invaded many times by the FBI Agents - and his wife and his four children, constantly menaced by death threats - at times 40 times per day.

He spoke against war constantly until he was silenced by a bullet in Memphis.

FROM
NORTHERN IRELAND

Dear comrades:

Cuba embarks in deregulation of over 430,000 state enterprises and privatizing all of them, starting in 2014 - plus over 180,000 farms will be privatized.

This is following in Gorbachev's footsteps - **Capitalism!**

Unfortunately the direction here is quite clear. One can come up with millions of very beautiful excuses, because it is very painful for all of us to face the truth, particularly in the case of this country - but sadly, this doesn't change the fact.

SNOWDEN HAS MORE INFORMATION THAT CAN DAMAGE THE USA

Moscow, July 14, 2013
Pensa Latina

Snowden let it be known that he has information that could badly damage and cause more harm to the U.S. Government, if it was revealed - stated journalist Glenn Greenwald in Russian TV. Mr. Greenwald works for the newspaper The Guardian in Great Britain - the first journalist who published the leaked documents.

Snowden's purpose is by no means meant to destroy his country - America...but to alert the people that by using certain software they are unwittingly exposed to confidential information... according to the Russia Today TV Channel.

"The US Government should better be on its knees every day praying that nothing happens to Snowden - because if something does happen to Snowden, all of the information could be revealed and that would be the worst nightmare for the United States." said Greenwald on Russian TV
