

## THE WORD PEACE

Peace - a piercing, world-wide demand!  
Peace - a trumpet, a prayer, a command!

Mad men at our helm, their sanity forsaken,  
Talk limited nuclear war! Americans awaken!

Ours the challenge to bar their way,  
Dispel the fear that haunts each day:

Nuclear holocaust  
The world in flames  
The end of life  
All corpses, no names!

Peace - the birthright every child's due,  
The promise to live, to strive, to pursue

Peace - a piercing, world-wide demand,  
Peace - a trumpet, a prayer, a command
