### Video on the 1979 Revolution in Afghanistan

This 1982 Soviet-made documentary gives the history of the revolution that overthrew the landowners and began setting Afghanistan on the road to socialism.

This little-known film is important in understanding the background to the present conditions in Afghanistan and the fight against U.S. imperialism's attempt to control the country. It shows how the "mujahedeen" were created and funded by Washington and the CIA in its drive to encircle and destroy the Soviet Union.

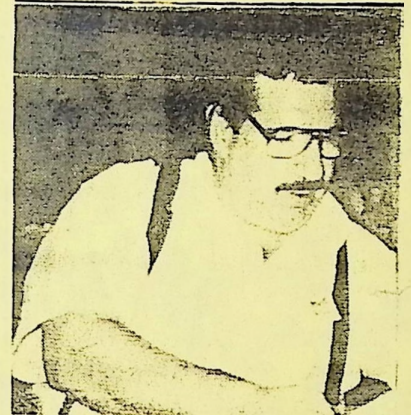

## CREDO OF US FRIENDS OF SOVIET PEOPLE

US Friends of Soviet People is dedicated to supporting struggles to restore socialism in Eastern Europe and the former Soviet Union. It carries on the traditions of the "Hands Off Russia Committees" which was internationally established in 1918 to help protect the young Soviet Republic from foreign intervention. The aim of all Friends of Soviet People is international co-operation in building socialism and solidarity with the anti-imperialist forces of the world who are struggling and fighting against US imperialism - the main enemy of mankind.

US Friends of Soviet People acts as a unifying force to consolidate and help co-ordinate the anti-imperialist forces of the world with the ongoing movement to restore the Soviet Union and the socialist countries of Eastern Europe. We act as a united front, but we are not a forum for ideological debates. The peoples of Eastern Europe themselves will choose the path toward socialism.
