

Dear Rae - Here is a draft of a letter to renew - feel free to change, correct, etc. Do you think we should include a tear-off on the bottom of the page - adress, fill in blank with correct amount, - or is a more personal letter with no tear-off more likely to produce results? Also, should be enclose a self addressed stamped envelope to encourage return? I enclose various receipts for stamps, post cards and zexxing. There is one postal expenditure - \$4.62 - that I don't have the receipt for, but the rest is all receipted. Below is receipt for the \$5.00.
