

STATEN ISLAND COUNCIL for PEACE AND JUSTICE

P.O. Box 509 • Staten Island, N.Y. 10314

Founded 1968

Dear Friend,

On Saturday, August 6, 1988 there will be a rally held at the site of the proposed Stapleton nuclear navybase (Canal & Front Street) between the hours of 1 PM and 3 PM under the slogan -

"NEVER AGAIN, HIROSHIMA - 1945, STAPLETON - 1988"

The anniversary of the first time nuclear weapons were used in war will serve as a reminder of their destructive power and the danger these weapons represent to our local community and the entire world.

The adverse effect the nuclear navybase will have on the quality of life on Staten Island will be immediate and widespread, The effect these weapons would have if they were ever used would be permanent and total.

It is vital you come to this event against nuclear weapons being placed in your own backyard.

Bring your family , friends, co-workers and neighbors to this event with you, to stop another Hiroshima before it happens, to prevent Staten Island from become the navy's version of Three Mile Island and the harbor from becoming a radioactive Love Canal.

Funds are also vitally needed. So if you can't make the event or wish to show your support for these efforts, send what you can using the enclosed coupon.

Please post the enclosed leaflet and past it around so as many people as possible will come on August 6 TH.

Speakers at the event will include Lillian Popp, Chairperson of the Committee For A Nuclear-Free Island, Harold Eglin, Director of N.Y. SANE/FREEZE, political candidates who are against the nukeport, a host of other speakers and numerous musical performers.

For more information you can call (718) 979-7923, or to volunteer to help build this effort (i.e. posting leaflets etc.)

SEE YOU THERE !!!
